

VILLE HUIKURI

I am 24 years old mountain biker and sport student from Finland. I did my first race in Finnish national enduro series in 2006. In future I want to win Finnish national enduro series title and challenge the worlds best mountain bikers in Enduro world series.

In the 2020 race season I am going to race in Motokeidas racing team. My plan is to do all the Finnish national enduro series races and take a part of Enduro World Series or Enduro European Series races.
